Arizona Corporation Commission

DOCKETED

NOV 15 2010

Via Postal Registered Letter
Docket No. S-20763A-10-0430

Ladies and Gentlemen:

Thomas L Brandon and Diane M Brandon request a hearing in the above case and dockets number because this case is false, misunderstood and misleading. We have contacted our Attorney and will be represented at the hearing by legal counsel.

We will be requesting all of the information, testimony, records, documents, emails, deposition transcripts, legal research in the commission files about this case, any commission personnel notes written during any occurrence in this case, and any and all records of verbal or telephone testimony received by the commission in this case, and anything in this case not mentioned herein. Defendant has not received one document to date and will need to prepare for the hearing with complete information on file for a complete defense. Our previous Attorney Natman Schaye has advised both the Commission and us that he will not be in a position to represent us due to a change in his legal practice. He is assisting us in finding new legal representation.

We received the notice of opportunity for hearing in the above case on November 10, 2010 and this letter is sent within the ten day requirement.

We will file our answers within the 30 days allowed through our legal representative.

If you have questions or comments do not hesitate to contact me at 520-906-0014.

Regards,

Thomas L Brandon
